OUR PRODUCTS

An exclusive focus on
energy and water efficiency

With over 30 years of experience in developing, manufacturing and distributing energy-efficient and water-conservation products, AM Conservation Group continues to be the go-to provider for a variety of customer types, including hospitality, multifamily, government and commercial.

With us, you never need to explain the challenge of finding products that survive evaluation. We understand your struggles because we live them, too, and we're dedicated to helping you achieve your savings goals.

CUSTOM-BUILT CONSERVATION KITS

Savings delivered right to your
customer's doorstep

Achieve your savings goals with a custom-built conservation kit delivered directly to your customers. They'll be delighted to open a beautifully designed kit in their utility's distinct branding, and you'll discover increased savings as they implement their new energy-saving measures. Build a completely customized kit, or get started with one of our pre-selected kit combinations:

- Lighting Kits
- Energy-Saving Kits
- Water- and Gas-Saving Kits
- Home Weatherization Kits
- Combination Kits

LEADING PROVIDER OF WATER PRODUCTS

Water-saving products that
feel like a luxury

AM Conservation Group water products include our own Niagara Conservation line of showerheads and aerators, as well as niche products from quality water efficiency providers like Evolve®.

- Fixed and Handheld Showerheads
- ShowerStart® TSV
- Kitchen and Bathroom Faucet Aerators
- Other Indoor (e.g., Dish Squeegee®, pre-rinse spray valves, shower timers, flow meter bags, leak detection tablets, Toilet Tank Bank®)
- Outdoor (e.g., hose nozzles, hose timers, rain gauges, moisture meters)

LEADING PROVIDER OF LIGHTING PRODUCTS

LED lighting products for most residential
and commercial applications

Our LED lighting products include our own Simply Conserve™ line of residential and commercial products. They're designed to meet ENERGY STAR® and DLC® standards for verifiable savings you can count on.

- Standard Bulbs
